Teams build an autonomous robot that follows a black line track, competing for the fastest completion time.

DATE
18-09-2026

VENUE
3rd Year Classroom

FEE
₹300 per team (2-3)

RULES & REGULATIONS

- ▶ Team size: 2-3 members; inter-department/inter-college allowed
- ▶ Robot must fit within 20×20×20 cm and weigh ≤ 2 kg
- ▶ Onboard power only (12-15V); strictly autonomous — no remote/Bluetooth/Wi-Fi control
- ▶ Track: black line on white background with curves, zig-zags, and 90° turns
- ▶ Max 2 minutes calibration time; up to 3 restarts allowed (stopwatch keeps running)
- ▶ Touching the robot during a run adds a +5 second penalty
- ▶ Ready-made kits (e.g., Lego Mindstorms) are prohibited — must be built from basic components
- ▶ Causing damage to the arena leads to disqualification

JUDGING CRITERIA

- ▶ Completion time: fastest run wins
- ▶ Accuracy: staying on track with minimal deviation
- ▶ Penalties: restarts and touch penalties factored into final time

PRIZE POOL

1ST
₹4000

2ND
₹3000

3RD
₹2000
