GLIDER

Competition

Ready to take your creativity to new heights? Glider Competition challenges participants to build a glider from limited materials, focusing on stability and distance. It tests crafting skills, flight principles, creativity, strategy, and teamwork to turn simple materials into high-performing designs.

DATE

18-09-2026

VENUE

Indoor Stadium

FEE

₹200 Solo - ₹250 Duo

RULES & REGULATIONS

- ▶ Eligibility: open to all engineering students
- ▶ Team composition: each team may have up to 2 members
- ▶ Glider requirement: prefabricated gliders only – on-spot fabrication is not allowed
- ▶ Specifications (mandatory): wingspan max 600mm, length max 450mm, weight max 200g
- ▶ Allowed materials: any wood, foam board/depron, cardboard, thermocol. Any other material needs event coordinator approval

JUDGING CRITERIA

- ▶ Range performance: maximum valid horizontal distance wins. Only stable, controlled flights are counted – stall, dive, loop or crash = disqualified
- ▶ Design evaluation: stability, aerodynamic efficiency, structural strength, proper CG placement, and safety
- ▶ Optimization & presentation: efficient material use, lightweight design, structural optimization, and clear technical explanation
